

## NEWS RELEASE

### Inomin Closes Final Tranche of Private Placement

**Vancouver, British Columbia, July 25, 2024 – Inomin Mines Inc. (TSX.V: [MINE](#))** (“Inomin” or the “Company”) announces the close of the final tranche (the “**Final Tranche**”) of its non-brokered private placement (the “**Financing**”) as announced on April 11, 2024, May 22, 2024, May 31, 2024 and June 25, 2024. Under the Final Tranche, the Company issued 540,000 units (“**Units**”) at \$0.05 per Unit for gross proceeds of \$27,000. Each Unit is comprised of one common share of the Company (a “**Share**”) and one-half of one Share purchase warrant (each whole warrant, a “**Warrant**”). Each whole Warrant is exercisable to purchase a Share at a price of \$0.10 per share for a period of 24 months from the date of issuance thereof. The Company may accelerate the expiry date of the Warrants, if the closing price of the shares is \$0.20 or greater for a period of ten consecutive trading days, by issuing a press release or other form of notice permitted by the certificates governing the Warrants, provided that the accelerated expiry date shall not be less than 30 days from the date notice is given.

All securities issued under the Final Tranche are subject to a hold period expiring November 24, 2024, in accordance with applicable securities laws and the policies of the TSX Venture Exchange (the “**TSXV**”). The Financing remains subject to final acceptance by the TSXV. Inomin intends to use the gross proceeds raised from the Financing for general working capital and to advance the Company’s property interests. In connection with the Final Tranche, the Company paid a total of \$1,890 in cash commission and issued a total of 37,800 finder warrants (“**Finder Warrants**”) as finder’s fees. Each Finder Warrant is exercisable for one Share at a price of \$0.10 per share for a period of 24 months.

#### Corporate Update

The Company has had discussions with several companies and organizations that have expressed varied interest in Inomin’s Beaver-Lynx magnesium-nickel project. The Company has also spoken with the U.S. Department of Defense about project funding. Barring a third-party transaction or other funding, Inomin anticipates raising exploration funding for Beaver-Lynx through flow-through and/or other capital. Inomin has developed a resource definition drilling plan for Beaver-Lynx’s South Zone targeting initial resources of at least **100 million tonnes grading +20% magnesium**, with other critical minerals: nickel, chromium, and cobalt.

#### About Beaver-Lynx

The Beaver-Lynx property is located in south-central British Columbia, 50 kilometres from the city of Williams Lake and adjacent to Taseko Mines’ (TSX: TKO) Gibraltar mine project, one of the largest open-pit copper mines in Canada. Beaver-Lynx is easily accessible by road with hydro-electric power nearby. The Company owns a 100% interest in the project with no royalties. Given positive initial drilling, metallurgical, and carbon capture test results – as well as district-scale size – the Beaver-Lynx project has the potential to be a source of high-grade, green magnesium and other critical minerals for the automotive, defense, and high technology sectors. For further information about Beaver-Lynx, visit Inomin’s website [www.inominmines.com](http://www.inominmines.com).

## Cautionary Note Regarding Forward-looking Statements

This news release includes certain statements and information that may constitute forward-looking information within the meaning of applicable Canadian securities laws. Forward-looking statements relate to future events or future performance and reflect the expectations or beliefs of management of the Company regarding future events. Generally, forward-looking statements and information can be identified by the use of forward-looking terminology such as "intends" or "anticipates", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "should", "would" or "occur". This information and these statements, referred to herein as "forward-looking statements", are not historical facts, are made as of the date of this news release and include without limitation, statements regarding discussions of future plans, estimates and forecasts and statements as to management's expectations and intentions with respect to, among other things, the use of proceeds from the Financing, sources of future exploration funding,

In making the forward-looking statements in this news release, the Company has applied several material assumptions, including without limitation, that the Company will receive the necessary regulatory approvals in respect of the Financing, that the Company will use the proceeds from the Financing as currently anticipated and that the Company will obtain future exploration funding as currently anticipated.

These forward-looking statements involve numerous risks and uncertainties, and actual results might differ materially from results suggested in any forward-looking statements. These risks and uncertainties include, among other things, the Company not receiving the necessary regulatory approvals in respect of the Financing; recent market volatility; the Company not using the proceeds from the Financing as currently anticipated; the inability of the Company to obtain future exploration funding; and the state of the financial markets for the Company's securities.

Although management of the Company has attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements or forward-looking information, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements and forward-looking information. Readers are cautioned that reliance on such information may not be appropriate for other purposes. The Company does not undertake to update any forward-looking statement, forward-looking information or financial out-look that are incorporated by reference herein, except in accordance with applicable securities laws. We seek safe harbor.
